FEATURED MODEL **MANITOU MT1840 EASY**

The MT 1840 telehandler is one of the best sellers in the 17-18m range material handling market. This construction telehandler is best used for material handling applications especially for high-rise/multi-storey buildings. It offers a spacious cab, excellent visibility with all of the main controls at operator's fingertips. Equally at home on uneven terrain, it has a generous ground clearance and tight turning radius so manoeuvrability never becomes an issue.

The information provided is for guidance only. It may change at any time in accordance with manufacturer's specification.

*Over tyres - dependant upon tyre specified
