FEATURED MODEL	VERSALIFT VTA135-H
----------------	--------------------

The Versalift VTA135-H is a versatile and reliable pick-up mounted aerial lift designed to meet the needs of various industries and applications. It has a maximum working height of 13.60m, a horizontal reach of 6.40m and a maximum platform capacity of 230kg. The lift can be operated using both the vehicle engine and a PTO-driven hydraulic system, providing greater flexibility and versatility in the field.

The information provided is for guidance only. It may change at any time in accordance with manufacturer's specification.
